MARIANNA PRIDGEN

Mary-

It has been real nice being with you during this long school season and the past ones. I will miss seeing you during noon hours over at Tricker's. You remember we used to meet up over there. You would be getting your lunch and I a smoke. Best wishes in your coming years!

Connie Hudson

These five men and women, affectionately known as the "Lambs", are the guidance department, under the direction of Mr. John Allen. Although this was their first year in the department they proved a wonderful success handling the problems of the students concerning grades, future plans and scholarships, devoting their spare time and guidance periods to supervising the records of all who came to them.

May we wish them continued success in this very important task of guidance as we salute them for a job well done.

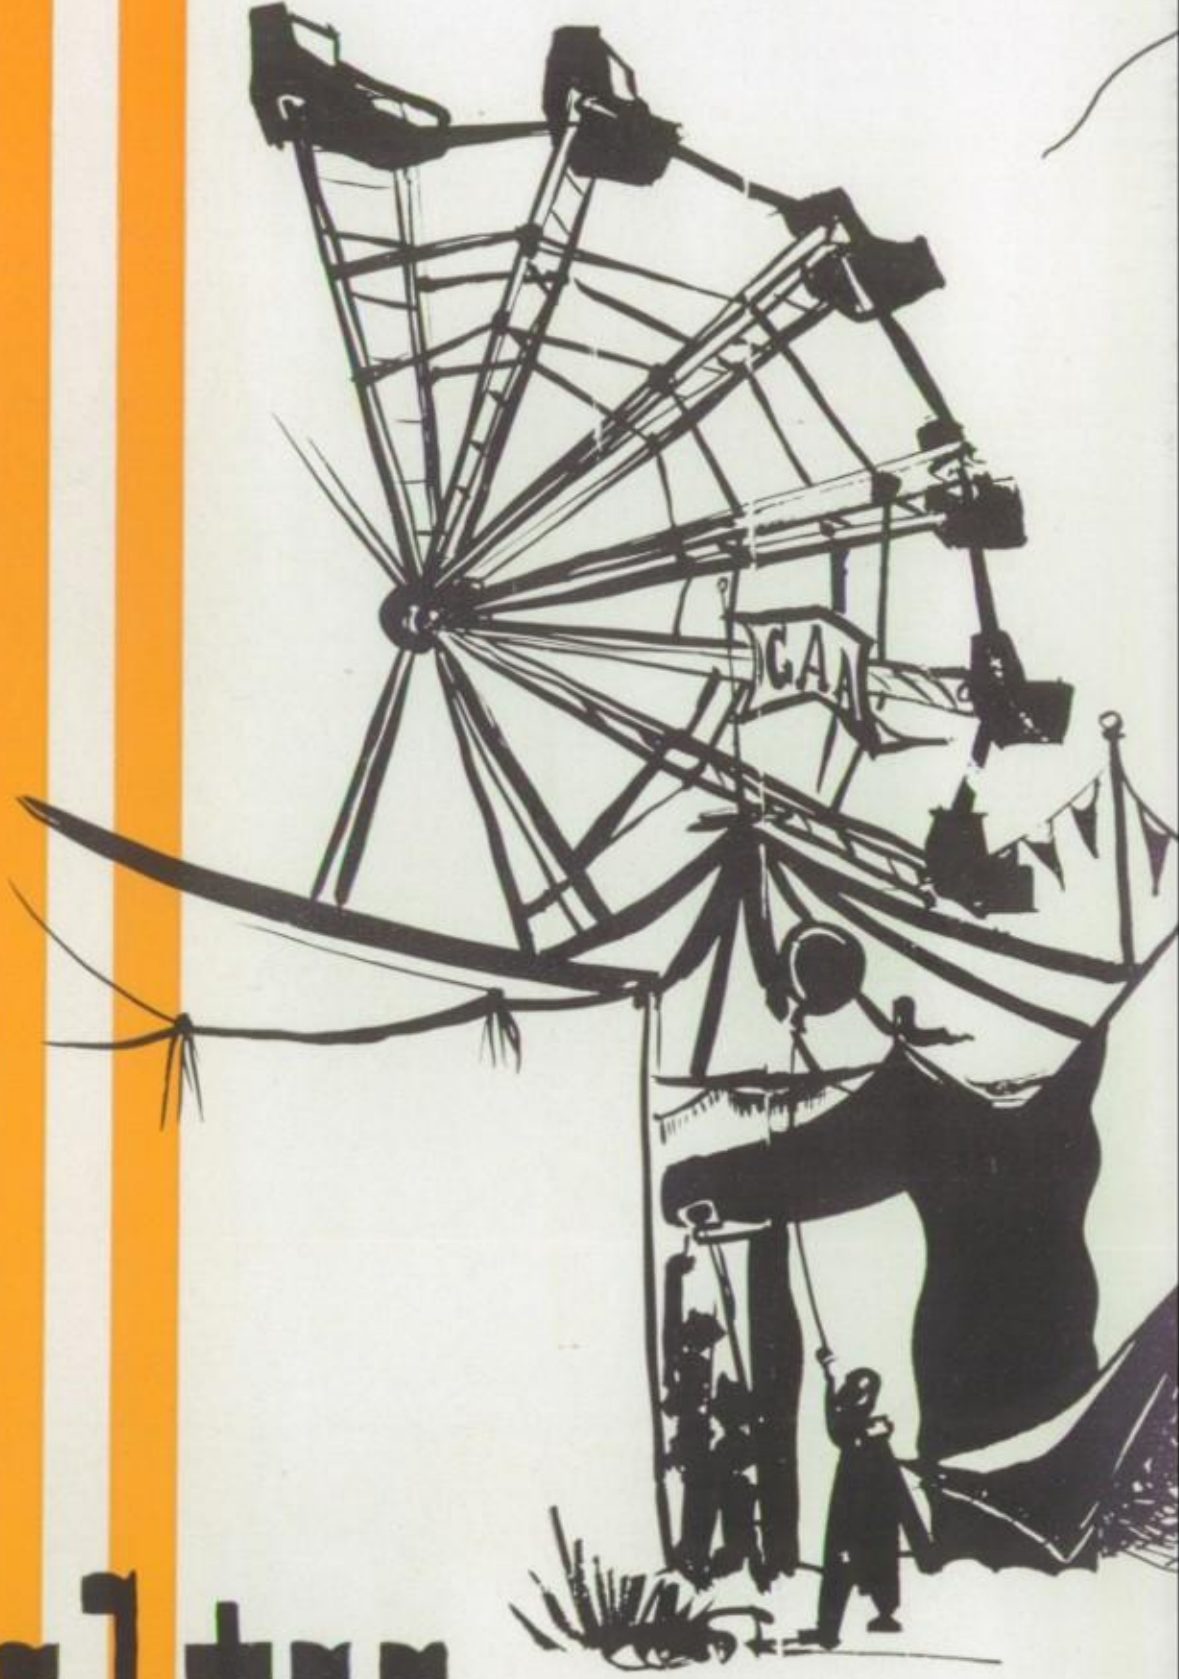

Hi!

Sorry you won't be around

# Competent

Yuma Union High school pupils, teachers, non-certificated employees, administrators and Board of Education entered the educational circus arena this year with vigor, enthusiasm, and determination to make the school year 1955-56 the best ever on "Criminal Hill." As the year progressed feathers from cardinals and thunderbirds were flying all around the circus tent. The wild cats, mustangs, panthers, and badgers were subdued and caged and jack rabbit ears and skins were hanging in almost every cell. In addition, the Spartans have been disarmed and locked up for the year. The only "bunch" still out of control and on the loose are the coyotes and the Criminals will "skin" them if they don't watch out.

Music events, dramatic presentations, winning orations, judging teams, publications, school fairs, parades, club activities, school dances, and scholarship winners have all contributed toward making 1955-56 banner year for the Criminal Circus.

# "The Roustabouts"

The bus drivers provide many of us transportation to our many circus events.

The cafeteria workers help feed our many performers.

Barbara Castleton, Sharon Diebold, Joan Piper, Margaret Evans, Betty Higuera, Norma West, Jean Bone, Mrs. Tjossem.

Shirley Whitten, Mrs. Lee, Lois Cary, Beth Fulton, Margaret Faulkner, Nancy Cain.

Sherrel Jenson, Joyce Wheeler, Helen Melton, Charles McGlocklin, Mrs. Olson, Elysse King, Virginia Mills, Linda Magsig, Georgia Cronkite, Mrs. Scott.

Rita Sanchez, Jackie Pittman,  
Armida Rodriguez, Kathy  
Cook, Junie Williams, Ev-  
elyn Echols, Joy Vinson, Ne-  
ta Harvick, Carol Spencer,  
Sexton, Frankie Ollerton,  
Joan Bartos, Nancy Baker.

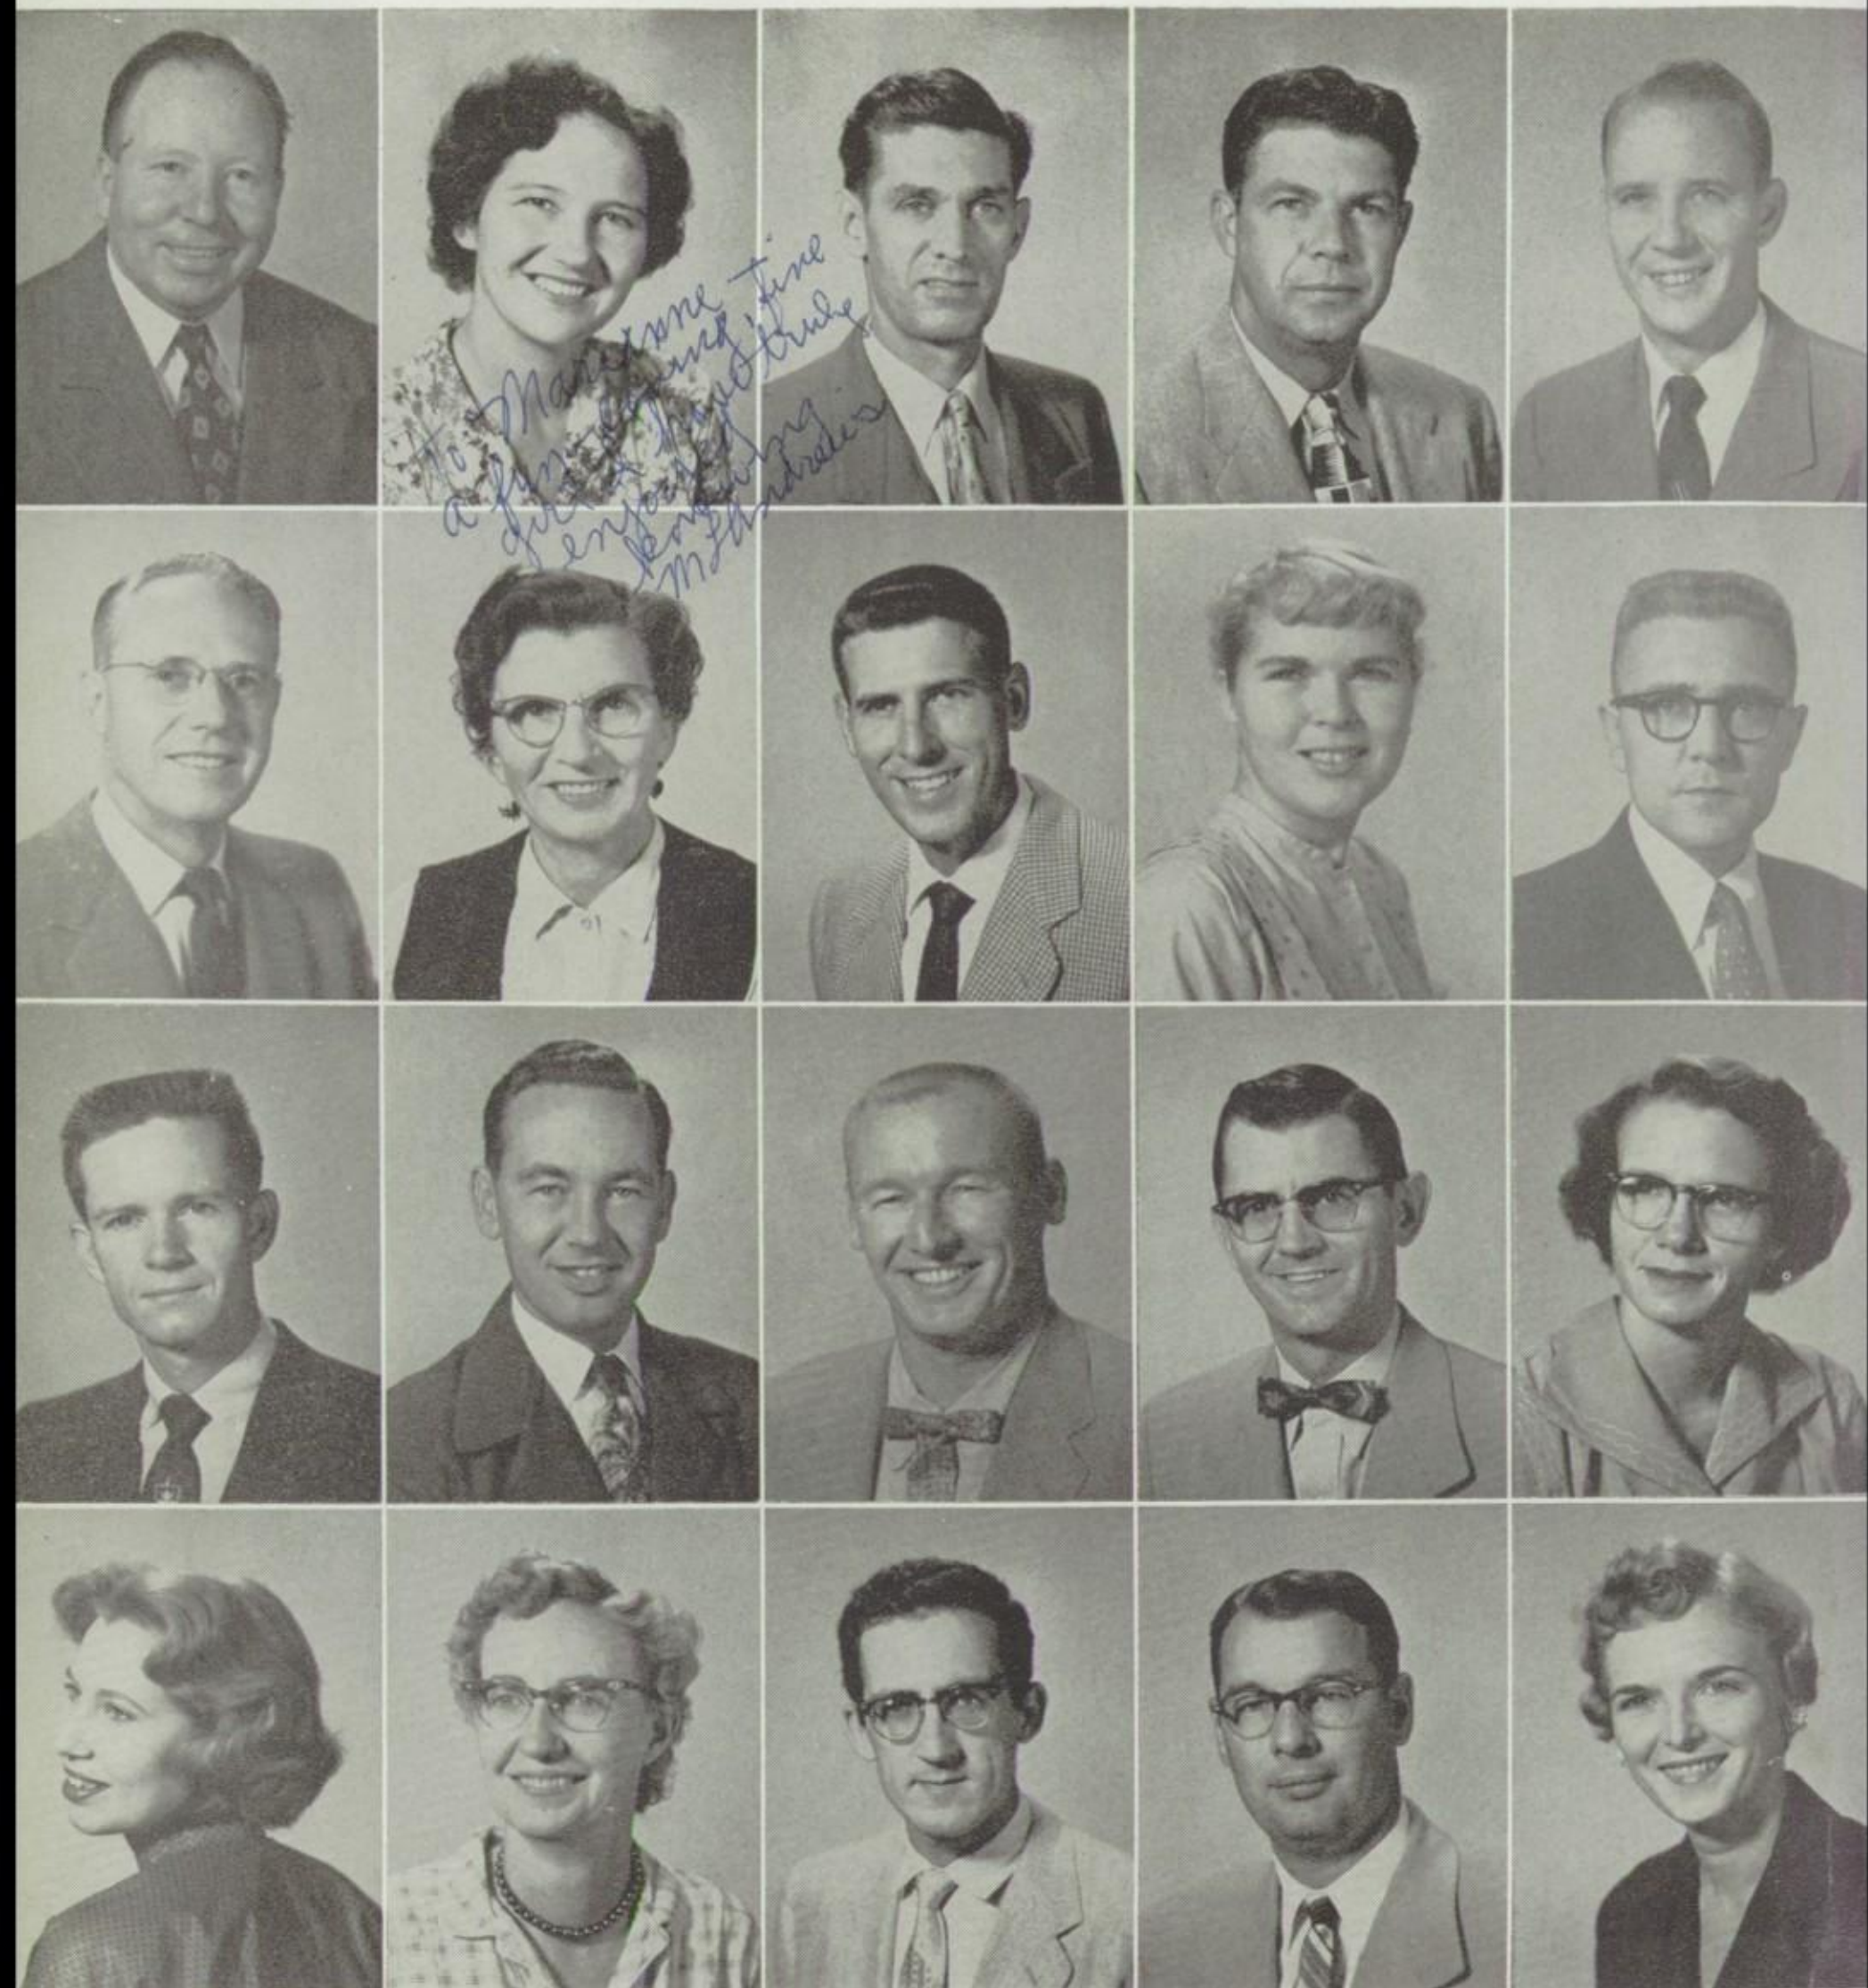

Maybelle Mason, Wilma Pruitt,  
Julie Villa, Darlene Metcalf,  
Lawayne Hatfield.

These are the "roustabouts"  
of the Y.U.H.S. Circus. In-  
stead of driving tent posts,  
they fill your needs at the  
bookstore and snack shack,  
keep the cafeteria and school  
running in smooth order, and  
drive the buses to and from  
school.

# The Sophomores

The sophomore class consists of many clowns as we of the annual staff know only too well! They put in an active year with their many performances under the "big tent." They sponsored the Freshman Handshake Dance, the first dance of the year, where everyone had a wonderful time. All these performers enjoyed "clowning" at their annual picnic.

Their sponsors were Mr. Biltz and Mr. Clarkin.

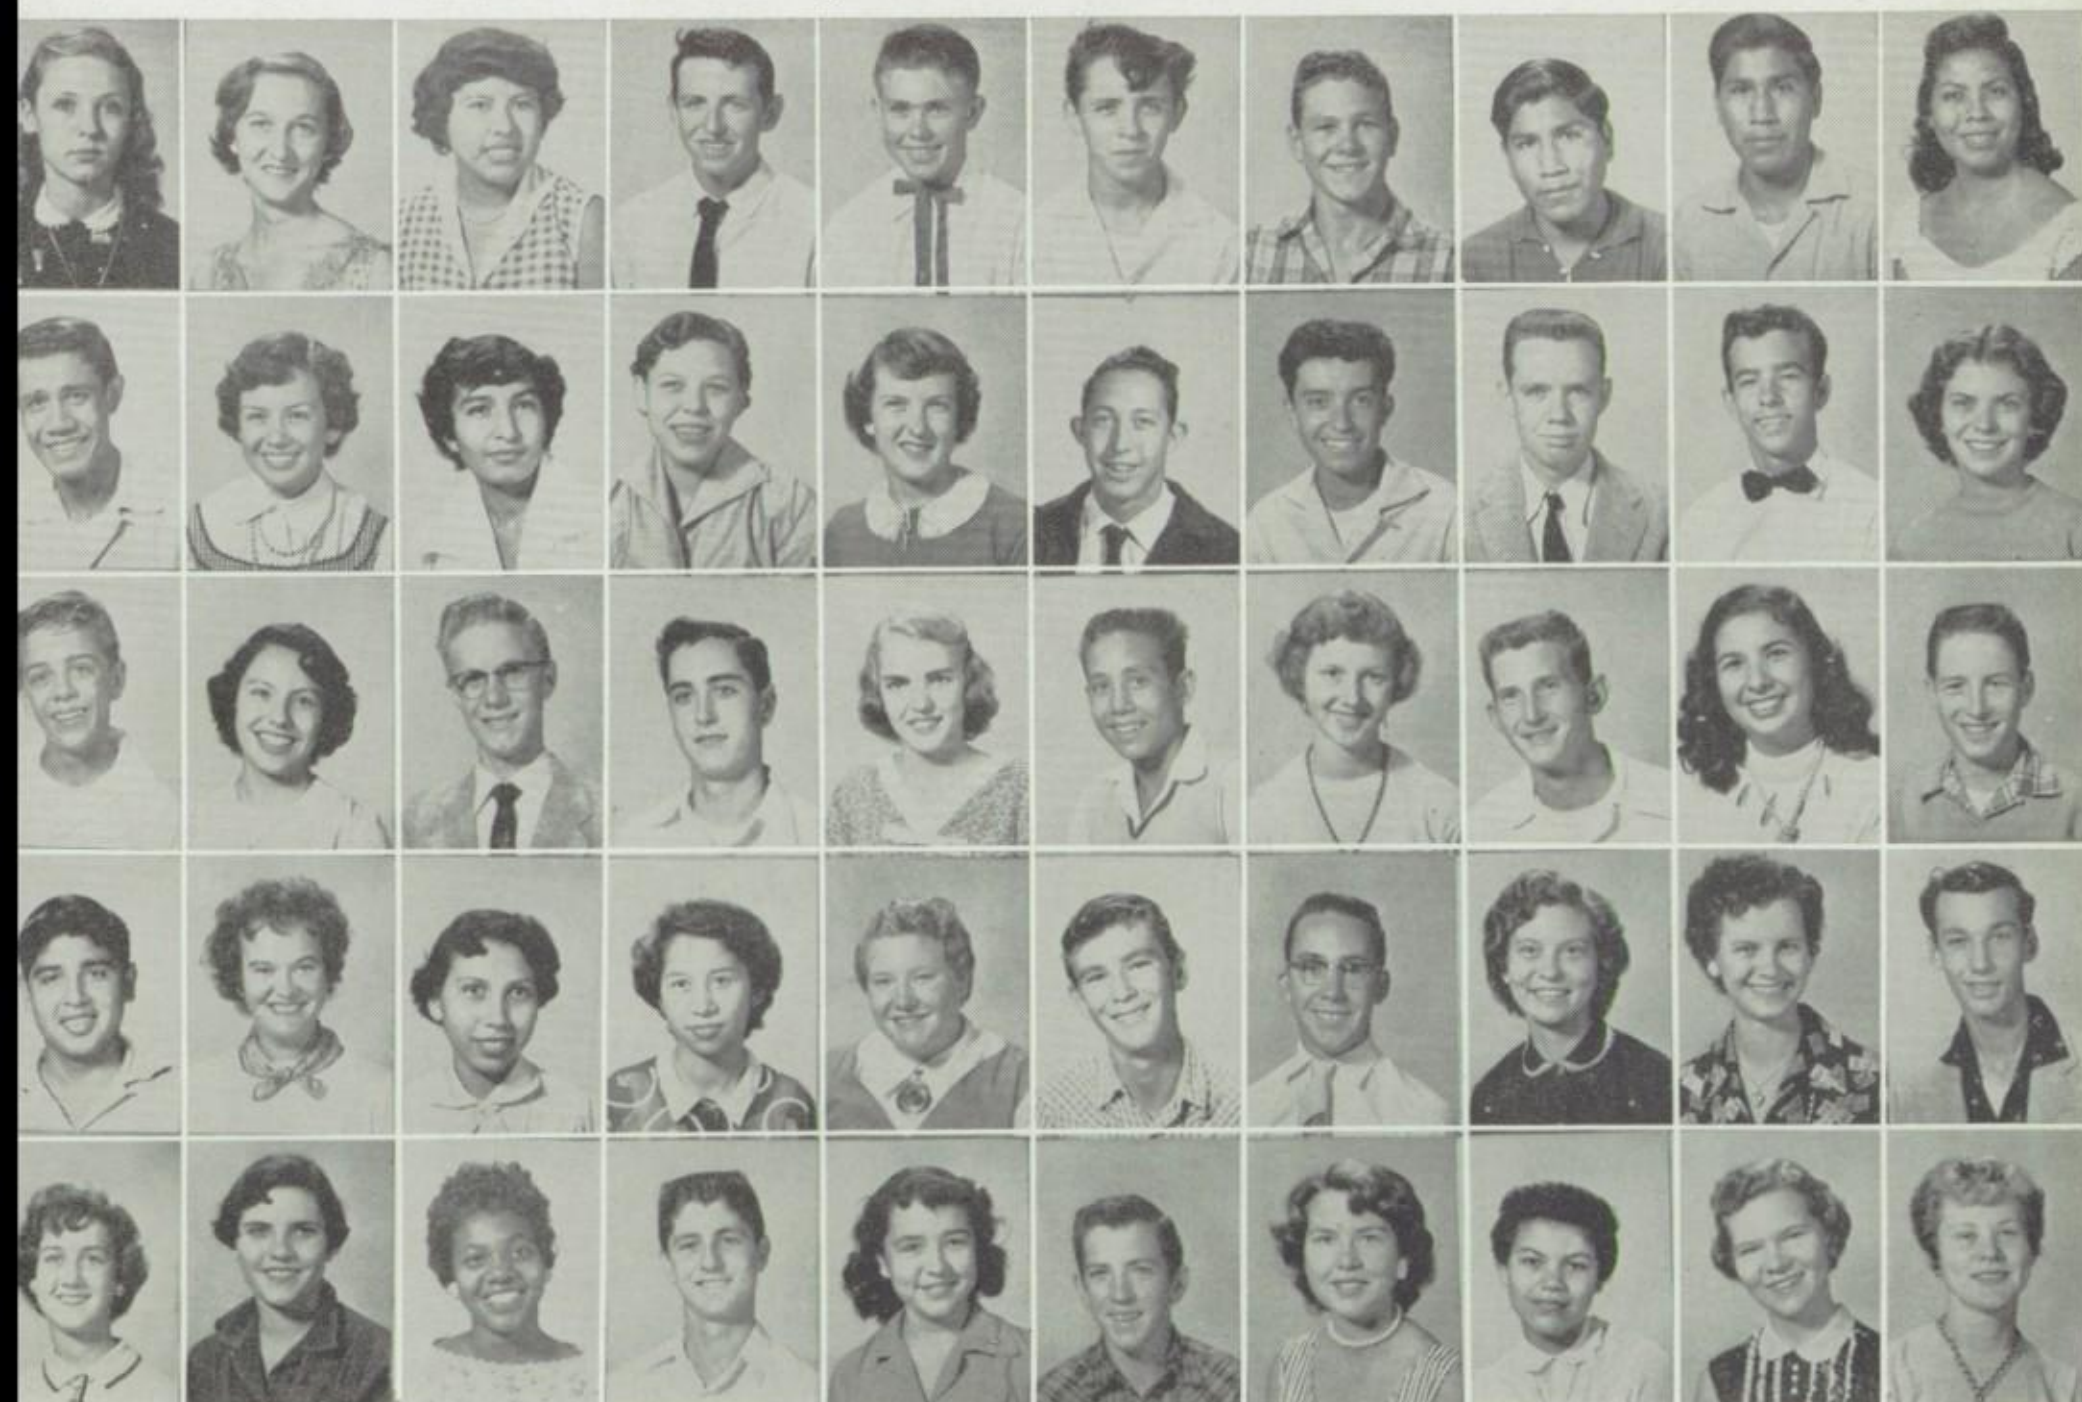

Their officers were:

Well kid, I guess you're just about finished with this damn place. Sure wish I was. We sure have had a lot of fun together these last 2 yrs. huh? When you open this book about 20 yrs from now head or some grow or I'll always remember you & that grow night we spent over in Mrs. How about you? We had some hazy old times over there didn't we? Well, I can't think of anything else to write so I'll quit for now. But always be good & don't do anything I wouldn't do! Ha! Best of good luck in everything you do & always remember me & what they used to call us, "Mutt & Jeff." Bye for now.

Karen West and Toody Fritz planning and decorating for the "big night."

After months of careful planning the night of the Prom finally arrived. After years of waiting and dreaming for this star spangled night the girls, dressed in their flowing formals, the fellows who suddenly seemed to grow up, danced the night away while the moon glowed above.

The Country Club shone with these happy upperclassmen who will always remember May 4, from 9:00 to 1:00 as one of their cherished "Moments to Remember."

We had a glimpse of what would happen if a bank robber locked up our high school principal and then impersonated him, in the Junior Class Play. There would be plenty of changes made—especially if the robber had some crazy ideas on how a school should be run, as dramatised by our YUHS Juniors.

# Our Class Plays

Angie, Marty Shawn, knew that this summer would be different! She could tell by the different way she felt about everything—by the odd feeling she had when she went to the drug store and all the other girls were there with dates. She noticed Jack, Tom Hougham, especially. It was, too, as those that attended the Senior Class Play, directed by Mrs. O'Sullivan, found out.

Guilty one night, not guilty the other were the decisions the different juries made after witnessing the murder trial of Karen Andre, Dianne Haile. This play, put on by the Drama Club, followed court procedure accurately and realistically making the play educational as well as very entertaining.

Drama Club  
Presentation

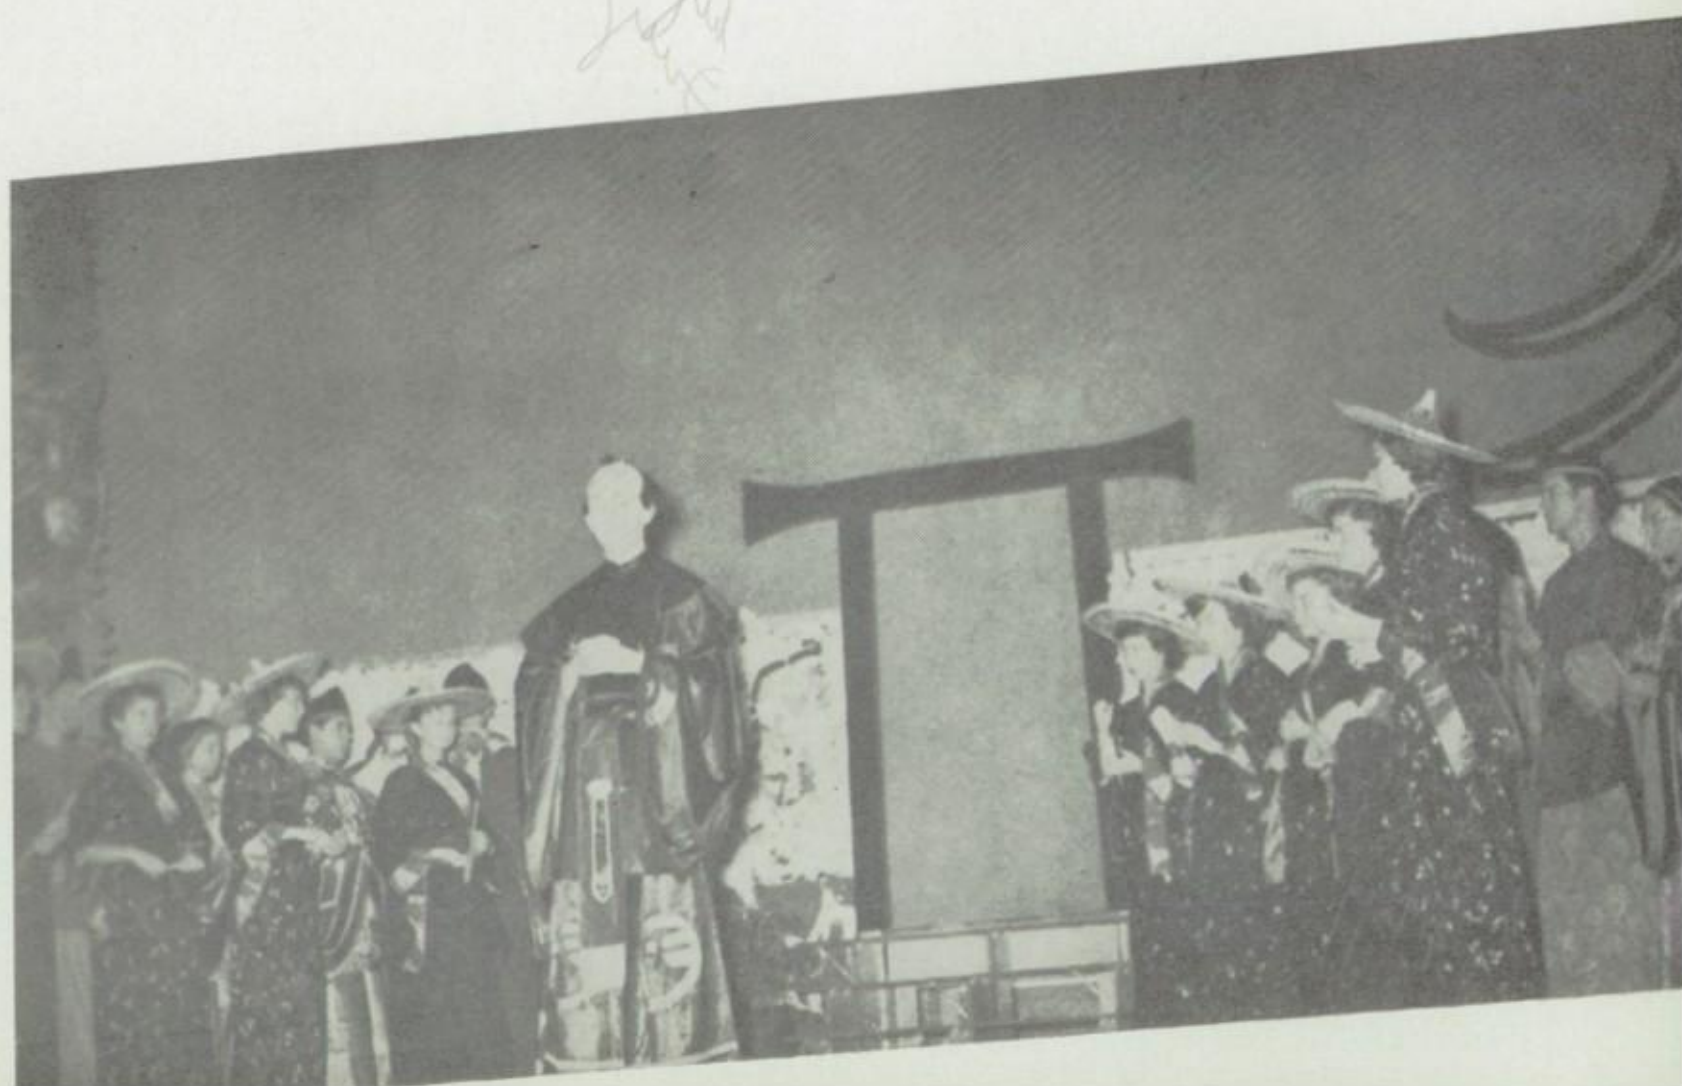

Nanki-Poo, Curtis Lee, the son of the Emperor of Japan, the Mikado, was disguised as a trombone player because he is running off from his father who is going to make him marry Katisha, or off with his head!

He had the misfortune to fall in love with the beautiful Yum-Yum, who is the bride-elect of a cheap tailor, KoKo. He had been condemned to death for flirting; but by a curious set of circumstances he suddenly finds himself raised to the rank of Lord High Executioner, the highest rank a citizen of Titipu can attain. He knows nothing to do but he is ably assisted by Pooh-Bah, who is Lord High Everything Else.

Katisha is the most repulsive hag who had fallen madly in love with poor Nanki-Poo. She does everything she can to break up his romance with Yum-Yum and win him for herself. But everything ends very happily because Yum-Yum marries Nanki-Poo and they live happily ever after.

# YUHS

We couldn't have gotten along without the expert performances of the Y.U.H.S. Band under the capable direction of Mr. Havens. Their peppy music got us in the spirit to cheer our winning football team. When they marched in parades, gave their concerts, and entered music contests we were proud to claim them as one of the best bands in the state.

The orchestra has been a part of many activities. Their music was enjoyed by everyone. The National Honor Society Initiation would not have been complete without their fine music.

Thom Blohm, President

Leading characters in the show are the Wardens, who operated the "juice joints" at the football games.

The club promotes and encourages school spirit and all worthy school activities.

Wardens Club is composed of student leaders who have at least 14 All-School Award points.

They sponsored an assembly and Western Week when everyone dressed western. Their Rodeo Float was a prize winner.

For needy students who can't afford text books and activity books, the Wardens fix them up. They also furnish the All-School Award pins.

Presenting scholarship, character, leadership, and service are the objectives of the National Honor Society. This club strives to promote and recognize all four. They are helping Freshmen to understand better these qualities by giving talks in their social living classes.

Members of this honorary club are selected from the top of their class and must have a 2.000 average.

N. H. S. sponsored the Homecoming Dance and had both a Fall and Spring Initiation.

Mrs. Leah Foresman is faculty advisor and the officers are:

What would our world of a circus do without business transactions. That is where the Commercial Leaders come in.

Students interested in fields of business are brought together in one organization where members are selected from students that have had a "3" or better average in their two years of business courses.

Members got out and had a swell time at their annual Spring Picnic. They sponsored the annual Sweetheart Ball where Linda Hutchins was crowned Sweetheart of 1956.

With the speed and excitement of chariot racing and games, that in Roman times took the place of our modern circus, the Latin Club banded together. Latin students gained better knowledge of Roman life, history, and literature.

A Saturnalia Banquet of Roman dress and customs was held prior to the Christmas holidays. Members participated in a Sunrise Breakfast and also contributed toys to the Children's Home.

Ah, but now these Romans are up in "The Art of Lovemaking", an assembly given for the student body. The club also sponsored an aftergame dance.

Its time for the "pony punks" and "skinners" to take a bow after a year of hard work and thrilling performances in the F.F.A.

Here is the organization that is an important part of the instructed program in Vocational Agriculture. It develops agricultural leadership co-operation and Citizenship.

These "aggies" had a great time at Kansas City at the National meeting and here at home, with their folks, they attended the Parent and Son Banquet.

After the boys earned their different degrees, they were awarded them at the F.F.A. Degree Ceremony. Their Rodeo float with Shirley Reynolds, the "F.F.A. Sweetheart" riding on a huge bee, was a prize winner.

All the boys, Jr. & Sr. were proud of their projects when they entered them at the Yuma County Fair.

## Their Goal -- A Happy Home

After the members of the F. H. A. venture from the Y.U.H.S. "learning arena" they will have the "know-how" to run a home efficiently. Their club strives for better homes in the future with fine leadership and rewarding home life.

The Sweetheart Cookie Sale showed off their domestic talents and all the things that are exhibited at the fair, proved that they are learning the arts of housekeeping.

These girls who have had one or more years of homemaking had a great time at the state convention held in Buckeye.

Betty Harkins, President

"Hams" that added a different act to our "top show" are the members of the Radio Club.

The club's purpose is to stimulate interest in amateur radio and related fields. It helps the members to obtain their "ham ticket", or radio operators license.

A lot of time was spent in building their own radio station; small but complete.

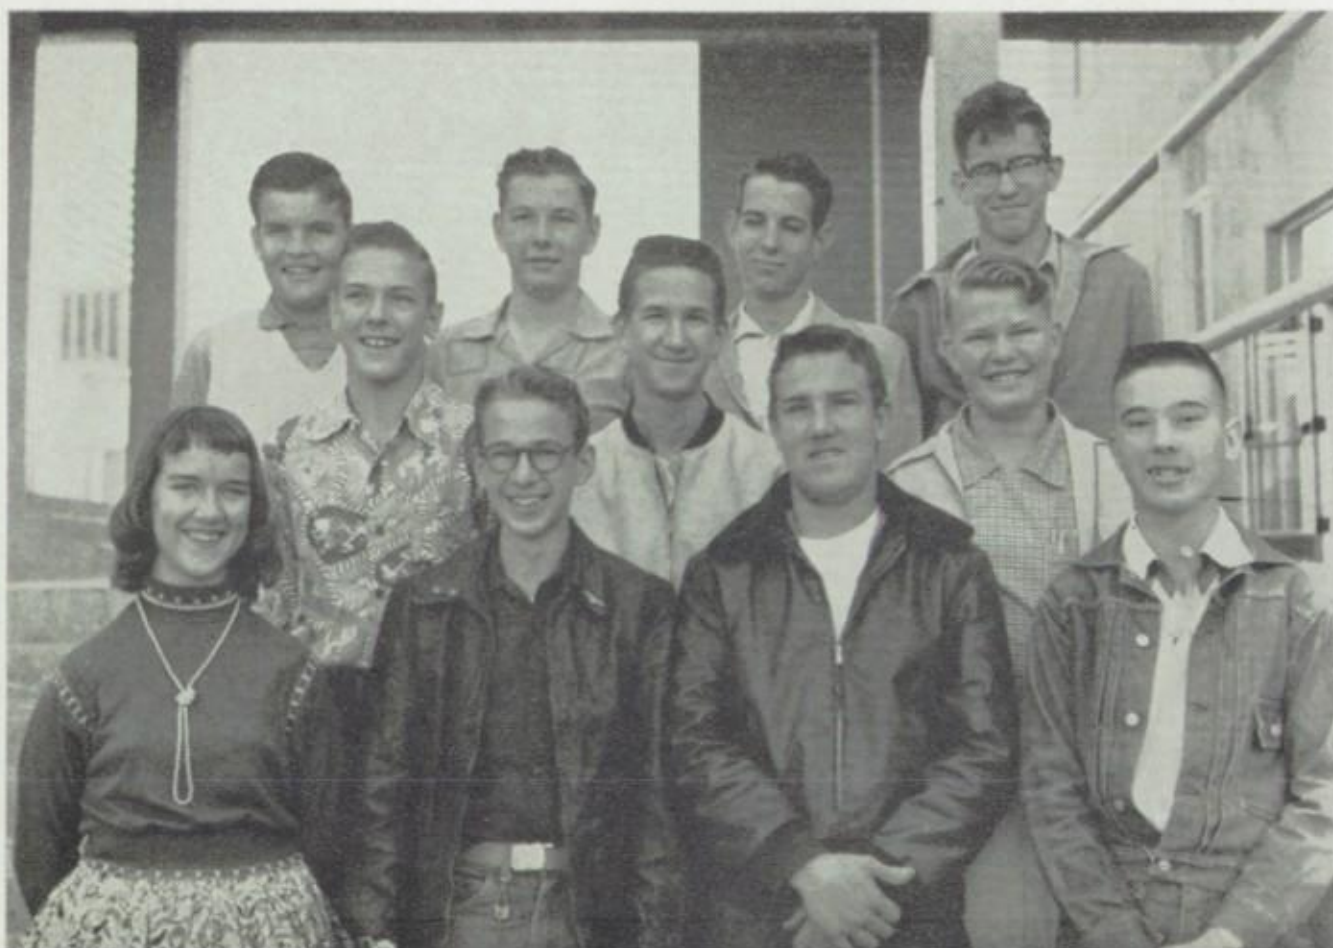

If you have a grade average of at least a 3, and an interest in radio, this is the club for you.

If someone falls and almost breaks their neck in this rough circus business, nurses are needed and these future ones have really held an important place by working in hospitals as volunteer aides.

Their Bake Sale and Initiation Tea were both great successes.

The purpose of the Future Nurses Club is to interest students in nursing through contacts with hospital and acquaintance with nursing schools and scholarships offered.

These Future Teachers were busy this year running through their acts under our "big top."

Uniting students interested in teaching and providing an incentive for them to become teachers are the purpose of the E.Q. Snider Future Teachers' Club.

Their Charter Banquet was lots of fun while their skit about YUHS was very informative.

The members were also fortunate in being able to visit the grades that they want to teach.

## From competition they have

Girls who take pride in their athletic abilities have added much to our "big top". They are the members of the Girls Athletic Association, a club that strives to further the athletic interest and ability of the girls.

All the YUHS girls had a chance to date the "man" of their choice at the Girl Date Boy dance sponsored by the club. The G.A.A. Follies was a great success and attended by many. The girls topped off the year with an Award Banquet where the girls were awarded their different honors.

No Circus would be complete without the "razor backs," who give strength to the show with their muscles and high citizenship code.

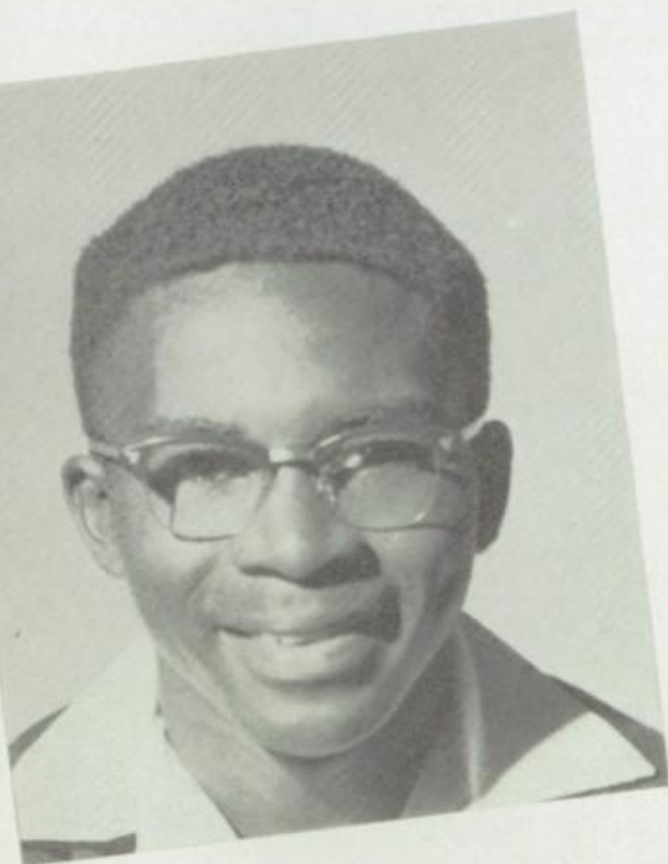

These boys are all wearers of the Varsity "Y" which means that they excelled in the field of sports and have a good scholastic average.

The boys sponsored the Lettermen's Club Dance, where a football with all the football players names on it was the door prize.

Their Lettermen's initiation and picnic was full of surprises and fun, while the Harlem Clowns vs. Yuma All-Stars Basketball Game was another exciting event.

Creating good sportsmanship, and a better understanding of the values of athletics are the main objectives of the club.

## ART CLUB

Painting our Y.U.H.S. "rings" in bright, exciting activities are the Art Club members.

One of the most unusual dances of the season is sponsored by them, the Beaux Art Ball where everyone comes dressed in costumes.

Furthering the interest in art is the main purpose of the artists that had a prize winning float in the Rodeo Parade.

New members are taken in at the beginning and end of the school year after they have submitted a letter explaining why they would like to be a member.

## To Be Proud Of

Taking unforgettable pictures of our YUHS Circus performances are the members of our Photography Club. They must have a definite interest in photography and have taken photography to be a member of this picture taking club.

These shutterbugs took pictures for students at the dances.

Not Ponderous as a pachyderm (which is an elephant), but as important in the growth of science as the elephant is to the circus, is the Science Club. The club is around to give members the opportunity to pursue science and experimentation outside of class, to stimulate an interest in science, science activities, and science vocations.

The club is open to those Juniors and Seniors who have taken a science course and received a two or above average. They have sponsored a dance and an assembly, had the annual Science Fair, and gained knowledge by going on their field trips.

## MATH CLUB

One of the things that makes the YUHS Circus go round is its mathematics, and leading in that field are the members of the Math Club. The members are Juniors and Seniors who have taken Algebra and Geometry and have a 3 or better grade average and are interested in Math. The club gives an opportunity for presentation and discussion of mathematical subjects of interest. These Mathematicians were really busy presenting the Mathematics Contest. They also entered projects in the Science Fair and the Yuma County Fair.

## Good the Greatest

A circus wouldn't be right without—

"Come on, buy your peanuts"—That's what the Key Clubbers yelled when they sold peanuts at the football games.

The Key Club is a service club that serves the school and community. Its objectives are to prepare students for useful citizenship by developing more initiative and leadership with intelligence, aggressiveness and community service.

This club helped with Kiwanis Kids' Day, helped collect money for the Olympic Fund and put on a school safety campaign. The Kiwanis-Key Club Banquet was a great success.

Pitching in and helping our school and community, and keeping things on the up and up are the Anchor Club members.

The club develops initiative and leadership and prepares members for useful citizenship.

Among their projects are providing glasses for students who are unable to purchase them and assisting the Pilot Club, their sponsoring group.

October was a busy month when they sponsored a dance and held a membership dinner. The breakfast picnic was well attended and their assembly was enjoyed.

Members of the Modeling Club came back for many an encore to add much to our fascinating circus.

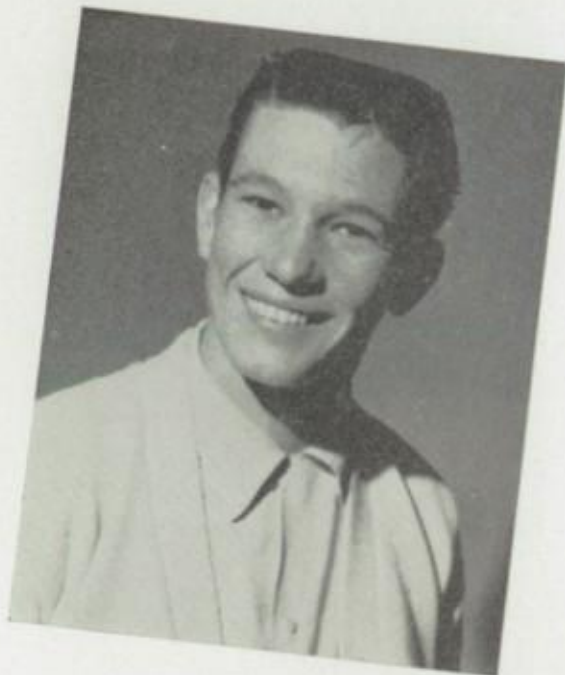

An important part of their work is to encourage the improvement of the YUHS girls' appearance but on the day of their "Roaring 20's" initiation, they were not exactly "bewitching."

This year they started a Popularity Contest that they hope will become an annual event. The members were in the play "Of Thee I Sing" and in their style Show they modeled the latest fashions.

Singing that adds luster and sparkle to the Big Top is the business of the Melody Clubs, a joint organization of the Advanced Girls' Glee and A Capella Choir.

The club that stands for the advancement and promotion of good music in the school and the community sponsored and performed the Annual Christmas Dance "Winter Wonderland."

They sang at Commencement and Baccalaureate and entered a Music Festival in California where they were rated tops.

Members of the Melody Club worked on their operetta which was a great success, and performed on T.V.

# With Anticipation --

Here is a club that really keeps our "YUHS Circus" hopping. It is the Lyres Club, one of the most active of our clubs.

All the advanced Band members are in the club that strives to advance the standards of instrumental music and music education in the student, school, and community.

By playing for all football games, and Pep Rallies, the band helped keep our school spirit high.

The Lyres Club sponsored the Band Dance and Concert where everyone had a fine time. They were ranked excellent in all of the music festivals where they played. They forgot music for a while at the Band Picnic and really "whooped it up."

# True sportsmen

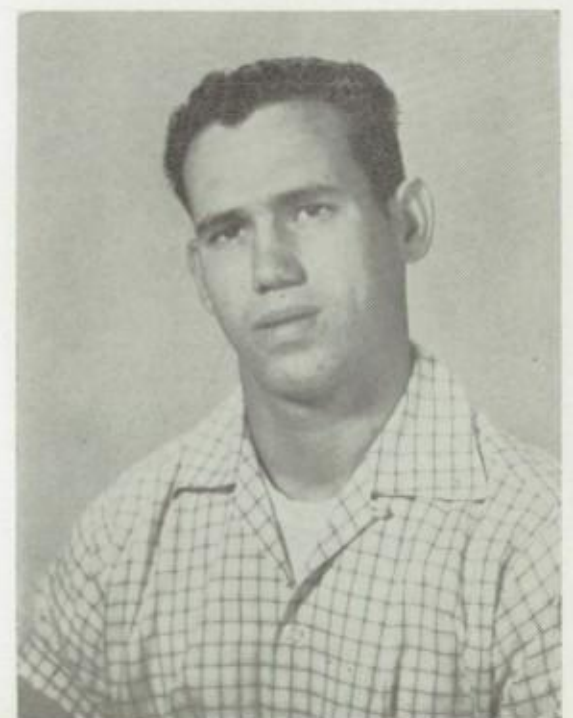

"And you should have seen the one that got away." Ah, yes, that goes with these "kinkers" of the Fisherman's Club.

Hunting, fishing, fish frys, picnics, these guys and gals live the life. Horsing around is not all they do. The development of better sportsmanship, becoming better acquainted with nature, and gaining knowledge of the hunting and fishing laws of the state plays a big part in their activities.

"Keep your Spirit!" Yea Crims! Could well be the motto of the peppiest group in the school—the Pep Club.

Since these girls are in our big YUHS Circus they are the holders of the "generally useful contract." Not only do they sell pom-poms at all football games and conduct Pep Rallies but they are around to promote school spirit and enthusiasm in all school activities.

Girls participating in more school activities than average have a good chance to get in the club by filling out a Pep Club Point sheet and if they are accepted they play "babies" by going through the initiation with the Baby Theme, baby food, bottles, bonnets and all.

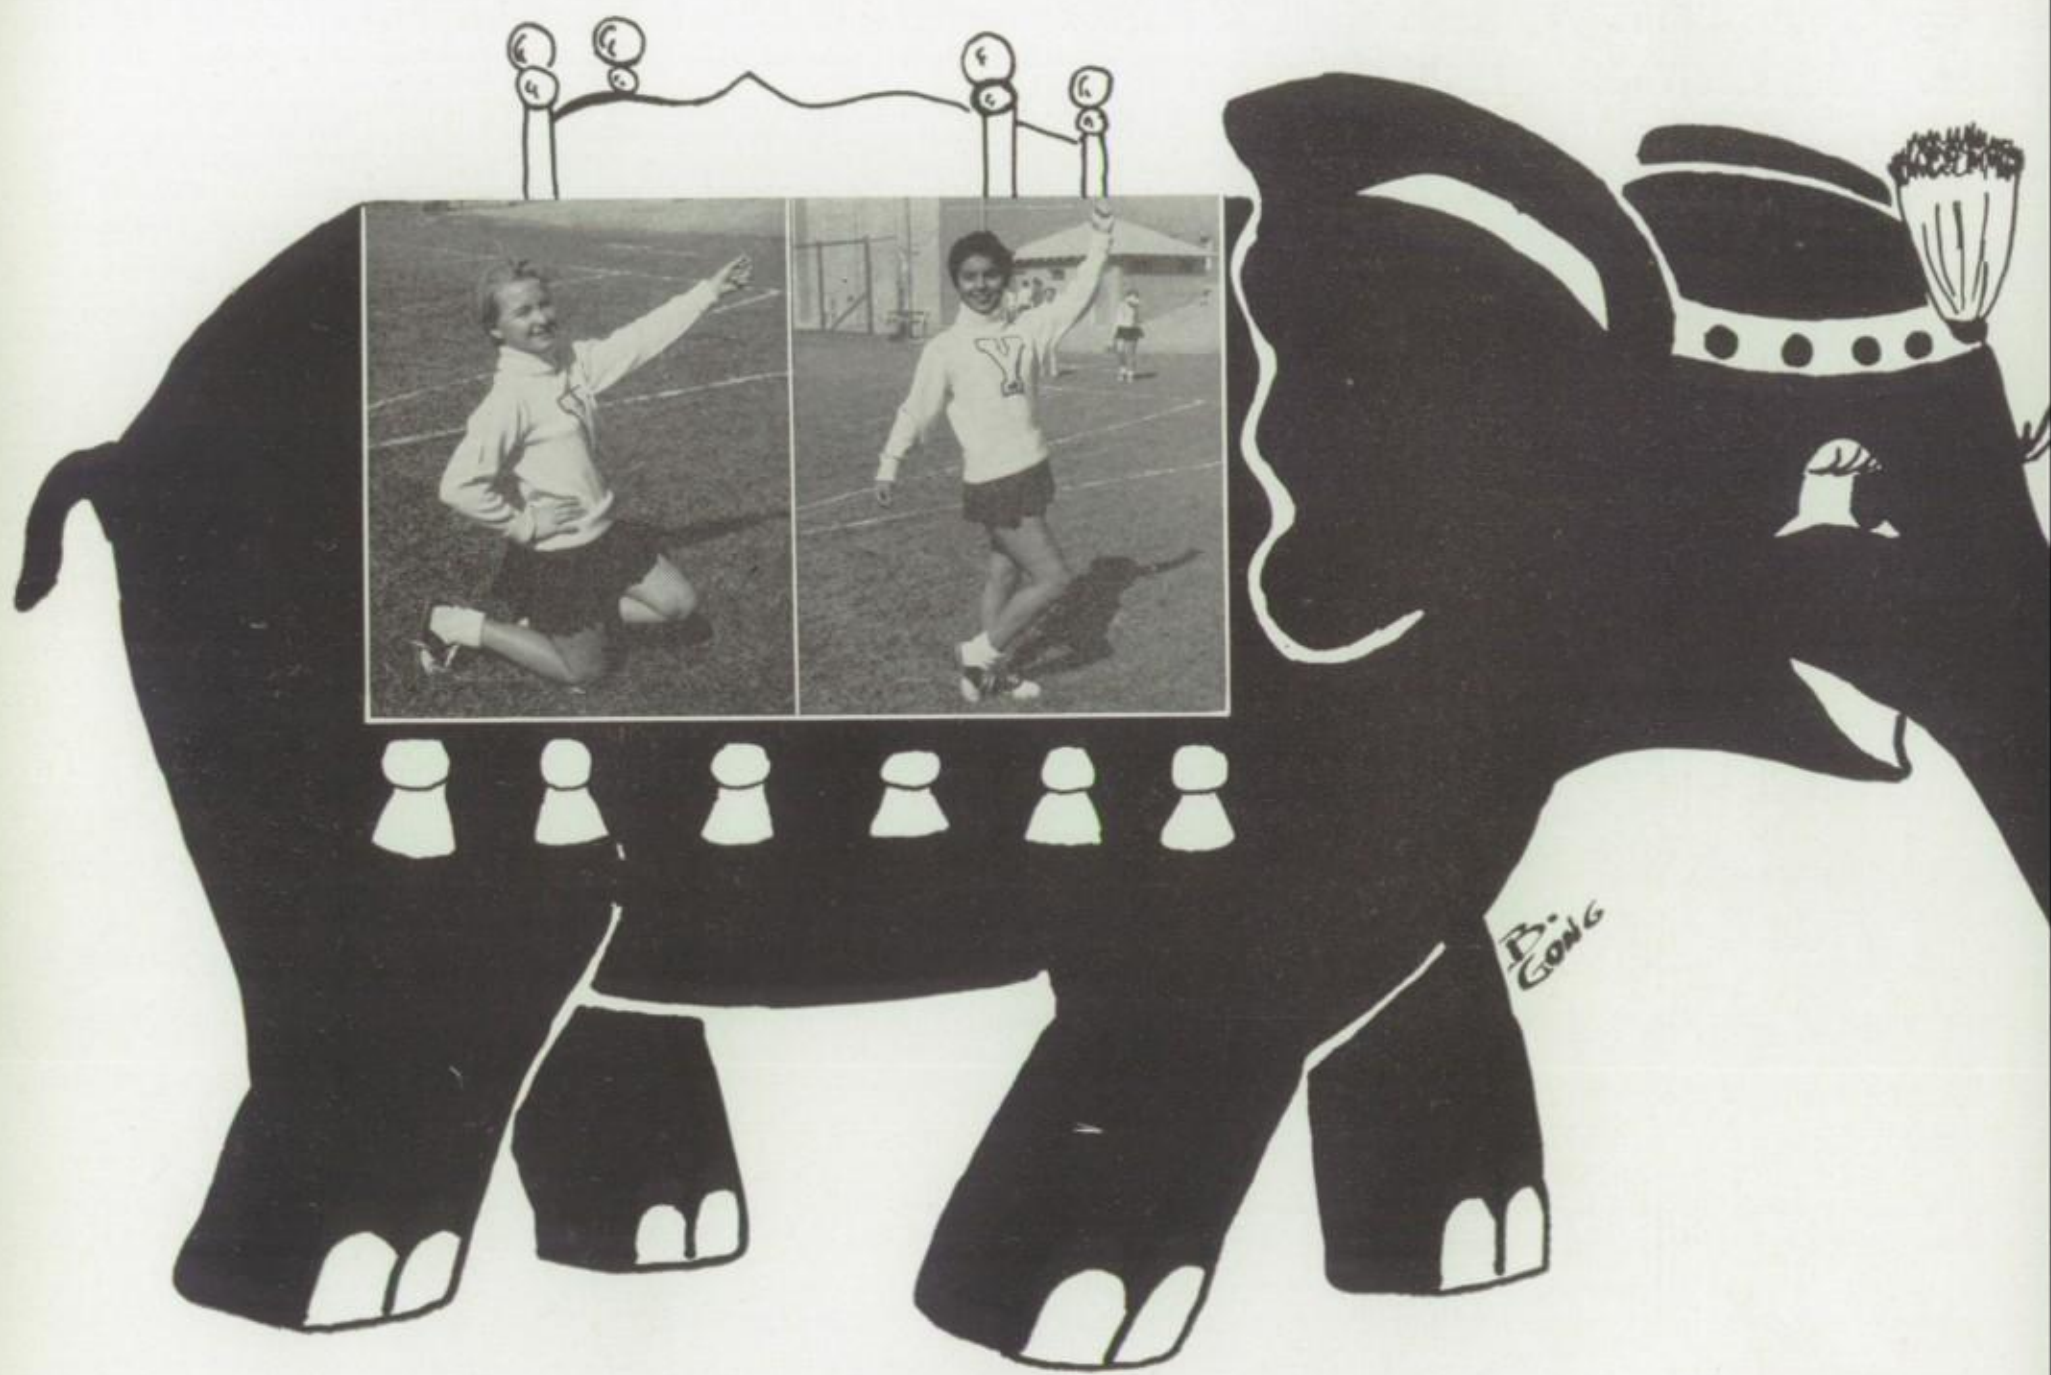

Pep Club members put on a Pep Club Carnival in the Spring which was attended by all.

# Here are the Trainers

"We're losing a lot of good boys." This seems to be the unaimous opinion of all the football coaches here at YUHS. The coaches agree that last year's team will be a hard one to replace, but there are a lot of boys who will be with us next year who have the potential to make a winning team. A great deal of credit should also be extended to the following coaches: Moore, Kelly, and Clay who played the biggest part in building the team.

# Coach! Captain! Team!

It is quite an honor to be State Champion, but it is almost as big an honor to be second place. With our 6 won 2 lost record, the season ended with a heartbreaking, yet marvelous climax. The team tried for the State Championship and took second place which is quite an achievement itself. They had a wonderful season; one of the best that YUHS has had in many years. Many boys are graduating this year, yet there are many boys capable of "filling their shoes" who will be with us next year for our guarantee of another good year in football.

## Stars of Tomorrow

John Lynch  
J V Football Coach

Remember, these Freshman and Junior Varsity boys are going to make-up next year's Varsity team. With this in mind, we are even more sure, that we will have a fine team next year. The players gained a lot of good experience in both playing and sportsmanship. All of us are looking forward to seeing them

Well, another season of basketball has ended, and it was a season well played. The team entered the Semi-Finals which is an achievement itself, and gained a lot of fine experience. We are sure to have a fine team again next year, as only two of the varsity boys are graduating. These two boys, Jim Wolf and Thom Blohm, were a great asset to the team and will be very hard to replace. Both boys were "red hot" last season, and Blohm was chosen for All-State, because of his playing ability.

## Paved the way for

Take a good look at them! Many of these JV boys will be playing Varsity Basketball next year. Even though the team did not have an exceptionally good year, most of them are going to have two or three years in which they will be able to gain more experience and improve themselves. All of these players have very good potential for the coming seasons and assure us of a promising Varsity Team next year.

Track Coach  
Jack BeDillon

In this section of our "Big Top" Coaches BeDillon and Clay were the Ringmasters. These were the two men responsible for the fine track team that represented YUHS this year. Every day during 7th Period and after school they could be found working with these boys. Many times during the year it was possible to go out on Doan Field where these two coaches could be seen frantically counting laps. Seriously, Coach Clay and Coach BeDillon should be given a lot of credit, as they worked very hard with the team.

Track Coach  
George Clay

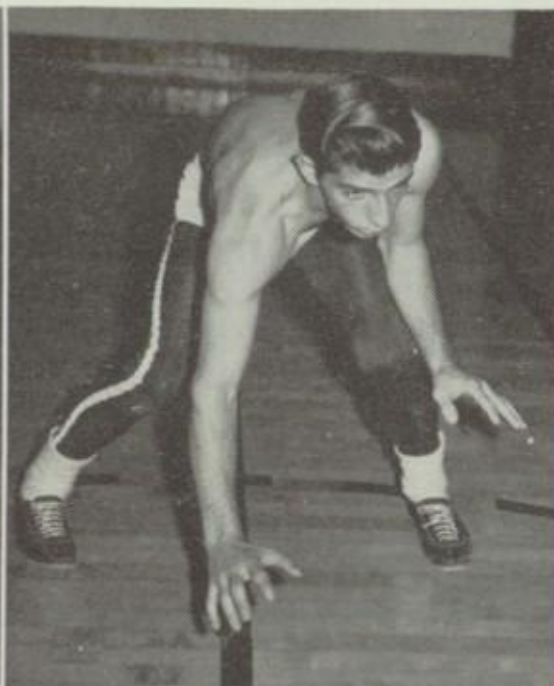

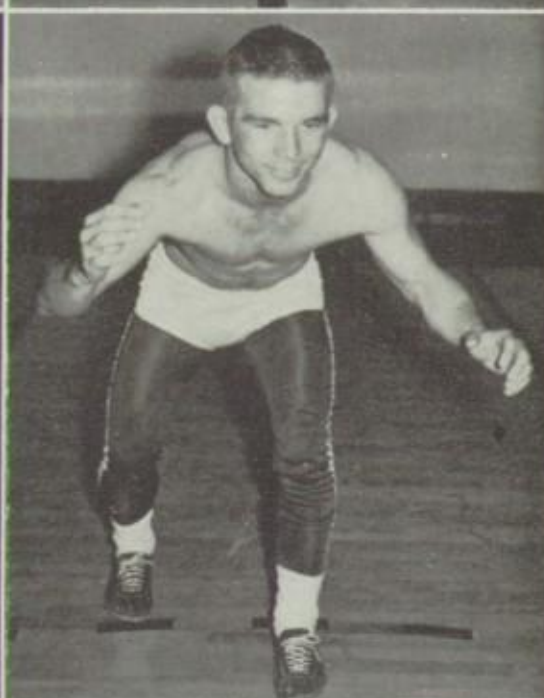

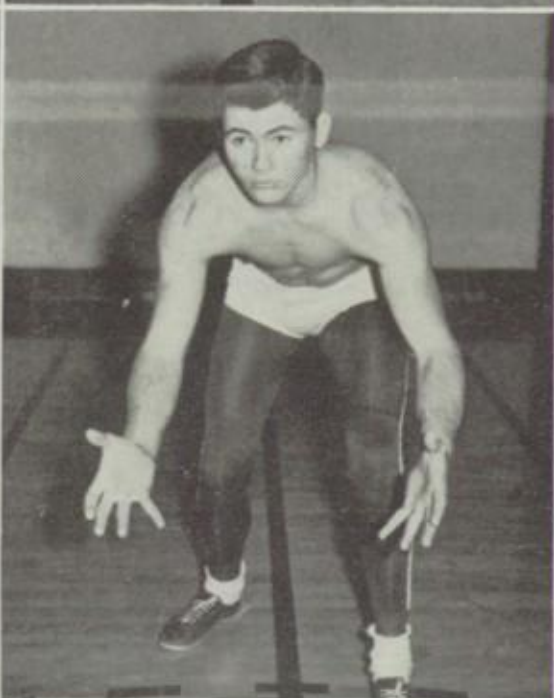

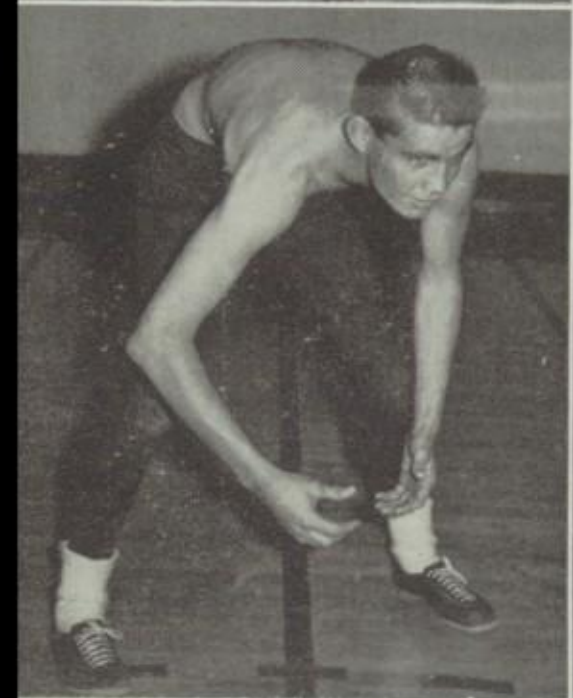

At the time this picture was taken, the track team was not divided into a JayVee and a Varsity group. Therefore we of the annual staff were not able to print their respective pictures. Picture or no picture, we can truthfully say that YUHS had a team that they could be proud of and who made a very good showing for the school. The boys displayed the finest quality of sportsmanship and ability throughout the season.

Again YUHS took top honors in wrestling. This year they took third place in the Finals, an achievement that should make them feel very proud. At the first of the year the wrestling team had all hopes of taking another "first", and rightly so. We are sure that you will agree with us in saying that they are a great bunch of fellows, and also "top notch" wrestlers.

Also congratulations should be extended to three wrestlers who were the State Champions. These three wrestlers, Frank Hankin, Johnny Rodriquez, and Jerry Headington, did a swell job and should be given a lot of credit. Second place wrestlers in the state were Steve Pope and Jim Shephard, who also did a good job. Nice work, boys!

# "Kill the Umpire"

"The umpire can see them best." It is hard to remember this sometimes, when "he" is out at "first". The Crim nine, through a lot of practice and experience, built up a fine team, that was outstanding in sportsmanship, teamwork and playing ability. We also expect great things of them next year.

# The Junior Sluggers

Next year we can only hope to have as good a Varsity and JV team as we had this last year. They are a very aggressive group of boys and showed the finest in teamwork and sportsmanship. Good luck next year!

But coach, we don't want to run laps today! Those words were probably heard by Coach Horne quite a few times during the seventh period the past year. The team, this year, had a very fine ladder and the boys did a fine job representing YUHS. Next year we are also going to expect great things from the team, as there are a lot of new boys who are working their way up the ladder, and they also are doing a swell job.

Standing: Betty Faulkner, Lana Smucker, Jane Hobart, Teddy Hobart, Blanch Whaley.

Kneeling: Miss Potter, Coach, Amelia Sandante, Linda Butler, Ann Sheldon, Yolanda Monoz.

## "Racket" Squad

Girls Coach  
MISS POTTER

It takes practice and a lot of hard work. But, we're sure if you ask any of these girls, they'll admit, "It was a lot of fun." The girls played matches throughout the state, as well as here at YUHS, and did a mighty fine job. We also expect to see a fine ladder on the girls team next year.

Marianne,

It's shoulder voice I cry on now? I don't know what I would have done without you to tell my troubles too, and as you will know I've had plenty of them, and the biggest one was "Rebel". Like I said before I hope they're happy.

It's funny remembering all the way down through our freshmen year - how we'd run around together for a while then start running around with someone else - but somehow we always managed to end up running around together again.

It's been lots of fun. I can still remember when we used to double date - remember that time we went to the carnival and ended up with "Tex" and Harley. Those were the days.

You've proved to be as good as good as far as friendship is concerned really a true blue pal! Thanks for letting me cry on your shoulder & for all the advice! I wish you all the luck and happiness in the world - you deserve it. Affectionately,  
Anne Thayer

Marianne  
really well this  
end of our school like the  
together - huh? We've gone  
through some Grammar School  
together and I still recall the  
high school. I had at Wellington  
parties you the Community Hall where  
Jay and Versie at then you came to  
Yuma - I moved too - when I was a sophomore.  
During all of our school years, I guess we  
did alot of gripping and fussing about our lessons  
all teachers, and here we are at the end  
school. Now the church service, which always  
been through the graduation, then our Senior Breakfast  
goes along with Commencement - Well it has  
and next alot of fun and I hope you  
still been alot of success and happiness in whatever  
you do or go - Be Good - God Bless You  
Your Friend
